MSB Birthday Party Package Information

Maine State Ballet is pleased to offer birthday party packages to its aspiring artists and their friends and family.

What we hope to provide is a fun filled and memorable birthday party, accented with traditional party activities, and dance activities and/or games from a number of genres!

Your party will be attended by three characters; pertinent to your chosen theme... they will coordinate and play games with the guests. (Moms and Dads – there will also be two adult volunteers in attendance to coordinate and oversee all the events, so you can sit back and relax, and just take pictures!) All our efforts will be focused on providing a fun filled and memorable day for the birthday child, in a manner that allows the parents to come along with the bare necessities of a cake and a loaded camera. (We'll have a special area decorated for the purpose of taking pictures with the characters.)

Guidelines:

There is limited availability for these parties, so do contact us well in advance. A minimum notice of 30 days is recommended; we can be flexible with shorter notices when possible.

September thru June, parties can be scheduled on Saturday mornings or afternoons.

July and August: Saturday morning times are available (11:00am to 12:30 pm) as well as weekday evenings (5:30 to 7:00 pm would be the suggested timeframe). For these evening time frames, pizza can be incorporated into the party plan, with an additional surcharge.

Planned party length will normally be 1 and ½ hours.

Maine State Ballet provides all decorations, paper goods, party favors, beverage, ice cream, and a full itinerary of party games/events. Plus party bags and special surprises, according to the theme. We are planning on lots of fun!

You do need to provide the cake, as we have found that families usually have special intentions in that direction.

You are also responsible for inviting the guests! The total party size, birthday child included, is 8 to 10 attendees. We do not recommend emailed invitations.

Please remember that there are some special events or surprises that we are planning for a specified number of guests. For that reason, we ask that if there are any siblings of the birthday guest or their invitees that will be staying through the event, that they are included in your total number of attendees.

Cost of the the party package is \$200.00. Notification of total number of attendees is needed 10 days prior to the party date. Payment is requested 7 days in advance of party date.
